

CHELSEA

SENIOR LIVING

Live each moment with *Meaning*

At The Chelsea, you should expect to be treated like family. That's been our approach since the beginning. With individualized plans and purpose-built communities, our uniquely comprehensive professional support services are provided as necessary to our residents while respecting both their independence and integrity.

Assisted Living

Our entire staff is committed to helping you enjoy your life at The Chelsea to the fullest. Whatever Assisted Living services you choose to receive, you will always be treated with compassion, dignity and respect.

Our community is more than just a wonderful place to live. Every day provides opportunities for you and your new friends to live each moment with meaning and purpose, on whatever path your next steps take you.

Memory & Dementia Care

A consequence of age may be memory loss. But that doesn't mean your quality of life should suffer. At The Chelsea, our Memory Care services are provided in a stimulating environment by dedicated staff, tailored to each resident's needs and designed to uphold their dignity. While residents are offered full independence in our Memory Care community, we're also constantly working on new methods, services, and technology with the area's leading doctors and health care experts.

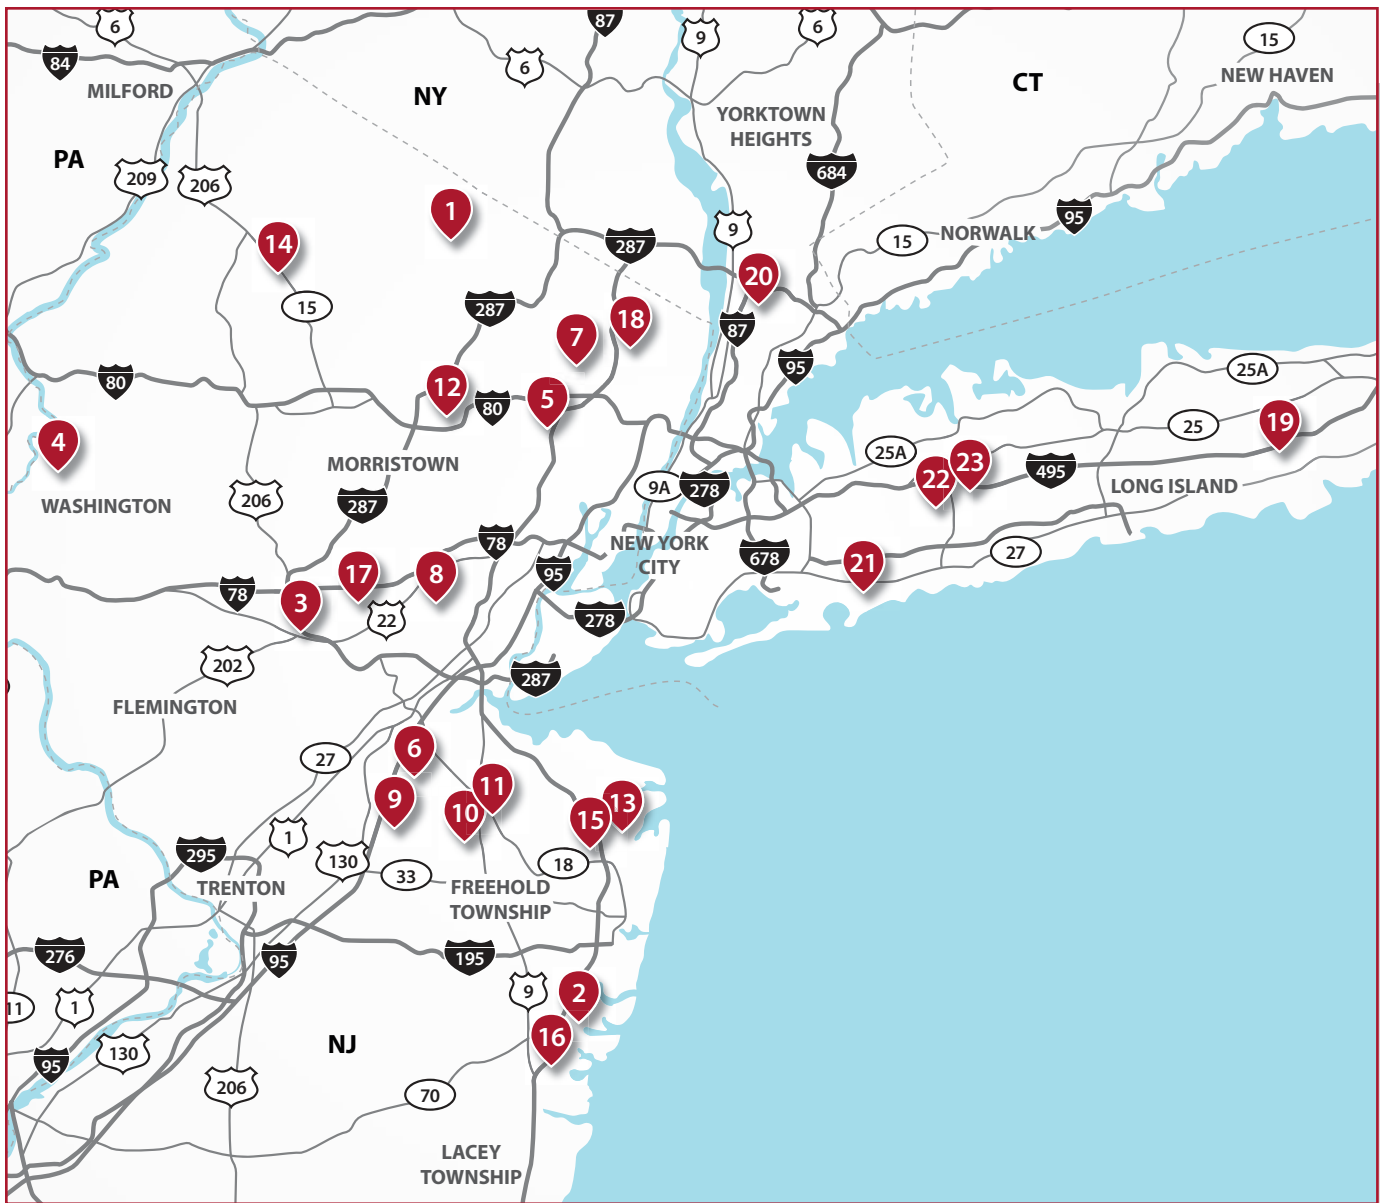

Independent Living

At The Chelsea, quality of life is critical to each of our retirement communities, with a range of independent living options to suit all tastes and budgets. When you live in our Independent Living communities, you get the best of both worlds: You have the opportunity and option to acquire health care services whenever you need them. Our on-site staff is always there for you and you can count on them as you would a family member. Here, dignity isn't a privilege: it's a lifestyle.

Respite Care

All too often, children and spouses are left to care for an aging loved one, juggling not only their own needs but those of the family member in their care. At The Chelsea, we value the right to remain at home, and we are proud to offer expert respite care as a temporary relief for caregivers. With state-of-the-art facilities and full access to our comprehensive range of senior activities, our community is your community when you come to stay.
