SENIOR LIVING

THE COUNTRY COTTAGE - MEMORY CARE

Live each moment with *Dignity*

Our Memory Care community, known as The Country Cottage, is specially designed to provide a friendly, supportive, and secure environment for seniors with memory loss.

The Chelsea has been helping seniors find housing, care and lifestyle solutions for three decades including its team of leading Memory Care experts who are committed to improving the lives of those with dementia, Alzheimer's disease, and other memory issues.

Our Philosophy

We treat our residents like they're family. We believe in the power of trust and relationships, and truly understanding the stories of each person in The Country Cottage. We believe that's the difference in creating a pathway for development and improvement.

Memory Care Activities include:

- 1. Pet Therapy** – Calming, provides comfort, and increases communication.
- 2. Music Therapy** – Boosts mood, reduces stress, and improves respiration.
- 3. Live to Give** – Provides joy and inspiration by creating projects for others.

A Leader in Memory Care

Within the secure, comfortable setting of The Country Cottage, our caring, highly trained professional staff is available 24 hours a day, 7 days a week. Our personalized program provides residents with the stimulation and encouragement they need to preserve skills and thrive independently.

Engaging the Five Senses

Memories serve us best when we feel, hear, see, smell, and taste. It's no different with residents in The Country Cottage. Our goal is to spark familiarity and comfort, whether through a particular food, song, or movie.
